OCA/USPS-T4-47. Refer to your response to OCA/USPS-T4-43.

- a. Please provide the number of post offices where every box in the post office is in use. An example would be the post office at Ranch Santa Fe, California, where "no boxes are available," thereby preventing new customers from obtaining box service -- regardless of box size. See, USPS-T-7 at 27. This subpart requests that you complete a two column table with the headings, "Delivery Group" and "Number of Post Offices."
- b. Please provide the number of post offices identified in "a" above that have space available to expand post office box sections. This subpart requests that you complete a two column table with the headings, "Delivery Group" and "Number of Post Offices."

CERTIFICATE OF SERVICE

I hereby certify that I have this date served the foregoing document upon all participants of record in this proceeding in accordance with section 3.B(3) of the special rules of practice.
